

THE COLLEGE

First Trials on Berkeley Oval.

College Athletes Begin Struggle for Year's Championship.

WOODRUFF'S BIG THROW.

With the Sixteen-Pound Hammer He Added Seven Inches to Hickok's Record.

WEEKERS IS IN FINE FETTER

Yale and Pennsylvania Will Have a Close Run for First Honors in the Finals This Afternoon.

Sprinters and pole vaulters, hurdlers and shot-putters, distance runners and jumpers trooped into Berkeley Oval yesterday afternoon prepared to exhibit their speed and strength. They were followed by a company of official experts, whose pleasant task it was to become stoop-shouldered in wearing a large rose colored badge of honor. Incidentally the experts were there to manage the athletes and see that the twenty-second track and field meeting of the Intercollegiate Association was started off in proper fashion.

After the athletes and the officials had effected an entrance there was an opportunity for the general public to squeeze in, but there seemed to be a misconception on the part of the public. The latter evidently thought it was a private rehearsal by the athletes, for not more than 100 seats inside the fences were occupied by spectators.

This undesirable state of affairs was due to the fact that the athletes were scheduled to contest trials only, the final events, which decide the points, being left for to-day.

However, the athletes did not seem to pay any attention to the lack of patronage, and went into the competitions with the vim that characterizes the college athlete.

In a majority of events the contestants did not exert themselves to the utmost for the very good reason that in the sprints and hurdles second place was as good as first, as it entitled the holder to enter the second trials to-day. In the distance runs the first four men in each heat are entitled to run in the finals to-day, and in the mile and the quarter-mile the five best qualified for the finals. It would, therefore have been bad judgment to make a great effort when all the resources of the contestants will be needed for the grand struggle to-day.

Woodruff's Hammer Throw.
Only one record was fractured, that for the sixteen-pound hammer. W. G. Woodruff, the big hammer thrower from Pennsylvania, added 2 1/2 inches to the record made by Hickok of Yale. Woodruff hurled the hammer 136 feet 3 inches, and by breaking the record did exactly what the experts had predicted in the Journal last Sunday.

No doubt Woodruff broke the record because he couldn't help it, and there is much evidence to see what the big Quaker will do to-day.

McCracken, another Pennsylvanian, came second in the hammer event, and the Quakers seemed reasonably sure of seven points in the finals.

Weekers, the Georgetown whirlwind and international abolitionist, was in evidence. He won his 100-yard trial in a canter, in 10.2 seconds, and laughingly galloped home in the 220, in 22.5 seconds. It is simply evident that Weekers is a sprinter, which upset reports of poor condition, that the real fight in the sprints to-day will be for place honors, and that Hoffman, of Pennsylvania, and Jarvis, of Princeton, will do the principal scrapping for the coveted two points.

Yale certainly has designs on the hurdle events, and Perkins seems likely to capture ten points for the blue. The remaining six points will also be in danger from the attacks of the intercollegiate.

Some "Policy" Numbers.
A singular occurrence marked the trial heats in the high hurdles. Perkins, winner of the first heat, bore the number 356; Thompson, who took the second heat, was numbered 357; Van Ingen, winner of the third heat, was 358, and Van Buren, first man in the fourth heat was 359. And all four of them were Yale men.

This is regarded as a good omen by the athletes in charge of Keen Fitzpatrick. Burke, the international quarter-mile runner, showed his superb form in the 440 and won the trial in 1:10. There are several good men to battle for place honors in this event.

Hollister, the Harvard race horse, gave a glimpse of his form in the half-mile, but was compelled to do only 2:05 in order to win his heat.

Robert Garrett, of Princeton, rather surprised the shot-putters by sending the iron sphere nearly forty-two feet, Sheldon, of Yale, being beaten by four inches. The result of the day's trials indicates that Yale and Pennsylvania will have a close struggle for first honors, and that Harvard will win the blue. A sure, although the Princeton will probably come in third in the list of points. The Quakers were jubilant at the close of the trials and confident of lowering Old Eli's colors.

Father Bill Currie was referee; J. E. Sullivan, Bartow S. Weeks, J. H. Booth and W. E. Swan, time keepers; Sam See, starter; J. A. Dixon, clerk of the course; Fred Burns, announcer, and Hugh Quinn, general reporter.
